

Dulles, Russian Envoy Hope for Better Relations

By DONALD J. GONZALES
United Press Staff Correspondent

WASHINGTON (UP)—Secretary of State John Foster Dulles and Soviet Ambassador Mikhail A. Menshikov voiced hope today that relations between the United States and Russia "can be improved."

After a brief get-acquainted meeting, the two diplomats said an improvement in American-Soviet relations would benefit both countries and "the interests of the world."

Dulles and Menshikov, who speaks good English, chatted in a friendly fashion at the State Department while photographers took their picture. Dulles readily agreed to pose with the Soviet envoy after photographers asked him to do so.

To Improve Relations
Asked about their private conversation, Dulles said:

"We expressed the hope that through the presence here of the ambassador relations between our two countries can be improved both in the interests of our two countries and in the interests of the world."

No date was set immediately for Menshikov to present his credentials to President Eisenhower. Chances are the meeting will be arranged early next week before the President leaves on Wednesday for vacation.

Menshikov already had been in the White House Tuesday night.

Dulles said he and Menshikov did not discuss any matters of "substance," such as a possible summit meeting.

"We didn't settle the disarmament question," Dulles added with a laugh.

"Not yet, anyhow," Menshikov chimed in.

Thompson Leave Today

In line with the Kremlin's current campaign, Menshikov extended "peace, friendship, and cooperation" on his arrival at Baltimore's Friendship Airport Thursday.

The easy-mannered 55-year-old ambassador said he would "try to do my best to do everything to establish and strengthen the atmosphere of understanding and trust between our countries."

'Plane Spotter Is Installed at McCaskill

An Audio Frequency receiver assembly has been installed at the home of Mr. and Mrs. Chas. Billick at McCaskill, this unit being the first of its kind installed in Arkansas.

The unit was installed by M/Sgt. Heintz and S/Sgt. Mansfield of the U. S. Air Force. It is designed to pick up sound of aircraft and transmit this sound through a special purpose cable to an amplifier. The amplifier in turn transmits the sound to a loudspeaker which triggers an alarm bell.

This unit is primarily utilized to detect the presence of aircraft in the vicinity. This equipment will aid the Ground Observer Post at McCaskill tremendously in detecting and reporting the presence of aircraft in this vicinity in event of an attack.

Following installation a pol-luck lunch was served to ten GOC members — Mr. and Mrs. Orville Northam, Mrs. Gordon Prescott, Mrs. R. G. Shuffield, Mrs. Geneva Moses, Mr. Herman Rhodes, Leon Prescott, Mrs. Cleo Billick and the visiting Sergeants.

Tabernacle Plans Special Meetings

The Rev. W. C. Land, Pastor of the Hope Gospel Tabernacle announces that special services will begin at the church Sunday night 7:30 with the Evangelist Jimmy Brown of Mobile, Alabama. This revival effort will continue for two weeks or longer. There will be good Gospel preaching and singing. Rev. Brown is an outstanding minister of the Gospel.

Anti-Red Drive on in Indonesia

TOKYO (UP) — A junta of "young colonels" and former political leaders proclaimed an anti-Communist Indonesian republic on the island of Sumatra today.

The proclamation was read by Lt. Col. Achmad Hussein over Radio Bukittinghi.

The junta, angry at what it termed the pro-Communist policies of President Sukarno and the Djakarta government at Jakarta, set up its own revolutionary regime at Bukittinghi, historical capital of Indonesia's struggle for independence against the Dutch.

Hope Couple Wins Free Trip

BOARDING A Trans-Texas Airliner at Texarkana Wednesday is Lynn Franks, local Feeders Supply manager, and Mrs. Franks, who will be guests of the Raiston-Purina-Honorary Council meeting in San Francisco. The all-expense trip ends Monday, Feb. 10, when the couple returns home.

Doug Flowers President of Wildlife Group

Doug Flowers was named president of the Hempstead County Wildlife Association in a meeting last night at Hope City Hall in which about 100 members attended.

Odus Harvey was named vice president. Mac Duffie, vice-president and Talbot Field Jr. was elected secretary-treasurer.

The group adopted articles of incorporation patterned after rules and regulations suggested by the National Wildlife Association. Naming a board of directors was delayed due to lack of representation from all townships.

The group has agreed the board will comprise four directors from DeRoan and one from each other township in the county. Sportsmen living throughout the county are urged to attend the March 8 meeting when the board will be named. The Association will meet the first Thursday in each month.

A checkup last night revealed the Association already has over 600 members.

Old Liberty Service Sunday
Regular Sunday School will be held at Old Liberty Church Sunday at 2 p. m. and the Rev. Hershel Williams of Guernsey will preach at 4 p. m. Everyone is invited.

Haiti Efforts Are Termed Inadequate

WASHINGTON (UP)—The wife of an American slain by two Haitian army officers said Haiti's offer of \$100,000 for his death is "very inadequate."

Mrs. Shibly Jean Talamas, Ash-tabula, Ohio, said "It certainly can't pay me for the loss of my husband and I can't support me and my child the way my husband could have."

Mrs. Talamas made the comment at her home after the ERHD the United States and Haiti had reached an agreement through an exchange of notes that settled the matter.

Talamas was beaten to death in the Haitian capital of Port-au-Prince on Sept. 29, 1957.

Department spokesman Lincoln White said the government of Haiti had court-martialed two army officers involved in the incident.

The Haitian government's note said the Haitian army officers had arrested Talamas for questioning in connection with a murder of a Haitian citizen in a town about 20 miles from Port-au-Prince. The note explained that the army officers had been instructed not to mistreat Talamas.

However, the note said, the officers admitted during a court-martial that while defending themselves from Talamas, they beat him with clubs. The officers said that Talamas died immediately from a heart attack brought on from the beating.

The grand jury, which has been involved in a running fight with the school board over the school crime problem, announced Thursday that it expected to complete its investigations and make a final report soon.

More Racial Incidents in Central High Bring Expulsion of Students

New York City Tries to Restore Order in Schools

NEW YORK (UP)—School officials today began suspending pupils charged with criminal violence in an effort to rid classes of young hoodlums and "protect the innocent."

Spurred by new outbreaks of beatings and slabbings, and under fresh pressure from a grand jury to take "prompt emergency action," the Board of Education ordered that any pupils "charged with a violation of law involving violence or insubordination shall be forthwith suspended from regular school attendance."

Preliminary unofficial estimates indicated up to 800 pupils might be affected.

The school board was said to have adopted its new policy as the immediate result of two incidents Wednesday in which a school monitor was stabbed by a fellow student and another monitor was beaten unconscious by three other pupils.

The beating and slabbings were the latest incidents in a wave of teen-age violence that has included two rapes inside schools.

A few hours before the suspension order was issued, a grand jury that has been investigating school violence in Brooklyn handed up a fifth presentment critical of school policies in handling juvenile delinquency.

The jury urged a broader policy on weeding out lawless youths from the schools and declared "prompt emergency action is necessary."

Noting that a previous Board of Education statement had said less than one per cent of the school system's nearly one million pupils were problem children, the grand jury said "this means there are nearly 10,000 serious aggressive and disruptive children" menacing the remainder.

The jury suggested that existing schools "be used to contain these undesirable elements" without waiting for establishment of the six new special schools in which officials plan to segregate difficult pupils starting next fall. Five such schools containing 1,200 pupils are operating now.

The grand jury, which has been involved in a running fight with the school board over the school crime problem, announced Thursday that it expected to complete its investigations and make a final report soon.

Mother to Keep Student Out of Central

LITTLE ROCK, Ark. (UP)—The parents of a white girl whom a Negro student called "petty white trash" refused today to let her return to Central High School where bomb threats and other incidents disrupted classes.

The name-calling and another clash involved Minnie Jean Brown, 16, a Negro student who had been involved in two previous incidents shortly before the Christmas holidays.

Minnie Jean was hit with a thrown purse Thursday after she called a white girl "petty white trash." Later a bowl of soup was poured over her head as she ate lunch in the cafeteria.

Soviet Envoy May Call for Summit Meet

WASHINGTON (UP)—The United States today expected a new Soviet Ambassador Mikhail A. Menshikov to make a major bid for a summit conference when he plays his first call on President Eisenhower probably early next week.

Menshikov arrived on a sleek Soviet jet airliner late Thursday at Friendship Airport in Baltimore, Md., exuding "peace, friendship and cooperation" in line with the Kremlin's current campaign.

The easy-mannered 55-year-old ambassador said in well-enunciated English he would "try to do my best to do everything to establish and strengthen the atmosphere of understanding and trust between our countries."

U. S. Ambassador to Moscow Llewellyn T. Thompson J. J. leaves for the Soviet capital today after 10 days of consultations here. He was expected to hold early talks with the Russian foreign ministry on starting a new round of East-West negotiations. Menshikov also said he hoped the recent cultural exchange agreement between Russia and the United States would be followed "in the near future" by "normalized" trade relations.

have to campaign this year and 11 new pledges for a total of 27. There are 35 votes in the Senate. Riales, owner of a Polk county telephone company and a Foreman insurance firm, has a total of 14 years in the Legislature. He was Speaker of the House in 1947. Sen. J. Lee Bearden of Beachville was president pro-tem of the 1957 Senate.

Services of Bishop Fletcher Today

HOT SPRINGS (UP)—Requiem mass will be celebrated Saturday by the Most Rev. Albert L. Fletcher, bishop of Little Rock, for Very Rev. Msgr. Alexis Demurger, 88, who died Wednesday. Mosigner Demurger, chaplain at the Good Shepherd Convent, had been a priest 35 years. He was ordained by Most Rev. Edward Fitzgerald on Dec. 14, 1892. His assignments included St. Patrick's Church at North Little Rock, where he spent 23 years. Sacred Heart Parish at Texarkana, St. John's Church at Brinkley, and Hot Springs.

'Corn Borer' Hit U. S. Crop Hard

WASHINGTON (UP)—The Agriculture Department today estimated the European corn borer in 1957 destroyed almost 181 million bushels of corn worth \$158,841,000.

This loss amounts to about 10 per cent—or one corn row in every 17—of the total national corn crop of more than three billion bushels. It is almost 85 per cent higher than the 98 million bushel loss charged up to the insect in 1956.

Corn in Iowa, Nebraska, Missouri, South Dakota, and Illinois suffered most from corn borers. Iowa lost more than 102 million bushels of her 1957 crop, Nebraska almost 19 million bushels, Missouri and South Dakota more than 10 million bushels each, and Illinois almost 11 million bushels.

The European corn borer entered the United States on imported broomcorn before 1917 and has spread into most of the main corn growing areas.

Asks Study of Juvenile Problem

FORT SMITH (UP)—Circuit Judge Paul Wolfe said Wednesday he would ask a study of Fort Smith's juvenile problem by the Sebastian County Grand Jury, which convened today.

Wolfe said he would ask that the jury "make any recommendations it thinks appropriate."

A sharp upturn of juvenile theft and destruction has been noted lately. Ten teenagers from Texarkana were arrested Tuesday night in connection with theft of bulk oil from a service station and seven were fined \$25 each. Police said the youths apparently came here to attend the Texarkana-Fort Smith high school basketball game.

Police said a park administration building was burglarized, soft drink machines were broken open in several service stations and windows and floodlights smashed at several construction projects, all in the last few days.

'Golden Age Club' Planned by Saenger

Folks over 62 years of age will be guests of Henry Seamans and the Saenger Theater at a special matinee showing Monday afternoon at 2 o'clock at a big free show party.

"We feel that folks over 62, especially those trying to live on pensions, social security or other fixed incomes, are failing to keep young because they don't get out often enough anymore," stated Seamans today. "With this free show party, we hope to formulate what will be known as the 'Golden Age Club', which will help those folks have a better time, and make it possible to afford it."

Full details of the "Golden Age Club" will be explained Monday at the show. Seamans urges every person over 62 — men or women from all over the county to attend as his guest. "Come down and you'll probably see some folks who you haven't seen in many years — you can visit, and enjoy a fine picture in color, 'Missouri Traveler'."

Details are being completed now to arrange transportation to the Saenger theater to anyone in the county. Jimmie, who calls the theater before 1:15 p. m. the day of the show. Local merchants have volunteered the use of their cars to pick-up folks and bring them to the show before 2 p. m. Transportation can be arranged by calling the Saenger theater at any time.

It will be a grand party, and Seamans hopes to see a capacity crowd at the Saenger as his honored guests.

Eldon Steadman.

Following the business meeting the hostess served a lovely dessert plate with coffee to the eight members present and one new member, Mrs. Barbara Hollis.

The March meeting will be in the home of Mrs. Waddle Cunningham on March 4, 1938.

DOROTHY DIX

To Solve Custody Problems Put Child's Welfare First

Dear Dorothy Dix: Max and I have been engaged for seven years. Our marriage has been delayed because we each had responsibilities. My mother is a widow, crippled with arthritis. I am her sole support. Max also has a widowed mother, but she is able to go to work every day, and he has a single sister living at home. I feel the only way we can marry is for him to move in with my mother and me. He claims he can't leave his mother; she'd miss him too much, she needs him for odd jobs around the house, etc. Should I break the engagement and stop daydreaming, or get married and then work out the problem.

Dear Dorothy Dix: I'm a girl of 18. Do you think my mother should always sit with my boy friend and me when we have a date? There's plenty of room elsewhere in our apartment. If we go out, she tags along or makes a big fuss.

Dear Dorothy Dix: I'm 22 and most happily married. My big fault seems to be that I don't play bridge. I used to think this was a matter of taste but now I find it makes me virtually a social outcast. I have no scruples about the game; simply don't like it.

Miss McIntire Pulls Upset in Florida

PALM BEACH, Fla. (UP)—The favorites sat on the sidelines in the Palm Beach Women's Amateur golf tournament today as four youthful entrants teed off in the semifinals.

The top match pitted Anne Richardson of Columbus, Ohio, against Barbara McIntire of Lake Park, Fla. In the other semifinal, Betty Kerby, Akron, Ohio, met Mary Patton Janssen, Charlottesville, Va.

The 22-year-old Miss McIntire produced one of the many top upsets as she beat veteran Marge Burns of Greensboro, N. C., 1-up, in the quarter-finals Thursday.

Respiratory Ailments in Drew Total 300

LITTLE ROCK (UP)—Three hundred upper respiratory ailments have been reported in Drew county, according to the state Health Department.

Lincoln county reported 29 similar ailments.

A total of 176 cases of German measles, 119 cases of ordinary measles, and 111 cases of streptococcal sore throat and scarlet fever were reported the first five weeks of the year, the department said.

Control of Weather May Come Someday

By JOSEPH L. MYLER
United Press Staff Correspondent

WASHINGTON (UP)—Man some day will do something about the weather, if he can.

But his chances of doing it in the foreseeable future are small. He knows too little.

So a big question before the committee is what role U.S. science will play in solving the many mysteries which stand between man and the understanding which conceivably might lead to mastery of the weather.

The job, like the atmosphere, is global—and Russia is on the job. The committee in this case is the committee on meteorology set up by the National Academy of Sciences two years ago to study weather research needs.

In a report issued Wednesday, the committee said this government should endow a 50-million-dollar National Institute of Atmospheric Research with an annual budget of 15 million dollars. Moreover, it should double financial support of weather research in universities.

Only a national institute, the committee said, could make proper use of costly new tools available for weather research. These tools include space satellites, "on regular patrol," special new kinds of radar, instrument-carrying airplanes, and high speed electronic computers.

Everything man attempts would fare better if he knew more about the weather, the committee said.

Even today's faulty forecasts are estimated to be worth a billion dollars a year to America.

Dr. Lloyd V. Berkner, chairman of the committee and one of President Eisenhower's scientific advisers, noted that Russia already has two large institutes which have been doing weather research continuously since World War II.

CHAPTER XV

A spot of color lay at the edge of a jackpine thicket, color once white, but now the gray of a weather-bleached canvas tarpaulin. Under the tarp was a pack, and under the pack the crumpled bulk of a second mule, a dark and drying smear of blood showing on its side where a bullet had entered.

Somewhere not greatly distant a pack train had been ambushed. This mule, shot through the lungs, had stamped this far before going down, drowning in its own blood. The one back in the water flat, with just as mortal though not so swiftly fatal a wound, had made it a little farther.

Here was a wanton business, shooting pack animals in this way, wanton business by wanton minds, lost and desperate and no longer caring.

Sebastian rode cautiously until the acrid tang of wood smoke struck his nostrils. For a moment he stayed in the saddle, then he swung down, dropped the reins and went ahead on foot.

Abruptly he saw them. Three of

them. Ragged, shaggy-headed figures crunched over a small, smoldering fire, gnawing at greasy chunks of half-cooked bacon. A little way from them a third pack mule lay dead, the load of this one ripped open and a miscellany of food supplies scattered around.

Two of those dark, wild figures, Sebastian knew by sight and name. The third was a Modoc he had never seen before. All three were intent on their ravenous gobbling of bacon to guess his approach, and he worked up within 30 yards of them before lifting his rifle to his shoulder and hitting out at them with his harsh call.

"You, Barnicho—Black Jim—!" They came up and around like straitened animals. The one Sebastian did not recognize recovered first and caught up the rifle lying at his feet. The intent was plain and there could be but one reply. Sebastian shot him to death with the dispassionate detachment of cold necessity.

Barnicho and Black Jim had stacked their rifles against a nearby tree, and there was no reply, taking the desperate purpose in their black, wild eyes. Sebastian swung the lever of his rifle, jacking a fresh shell home.

"You're dead if you try it!" For a breath they were as taut and dangerous as panthers, eyes glittering. Then, as abruptly as a snuffed flame, all fight went out of them, and they hunkered down, side by side, seeming to shrink until they were just a pair of incredibly dirty, half-starved, blank-faced figures.

Their guns, and that of the dead Modoc, he beat to uselessness against a tree. He went back after his horse, then began his search. Not far away he found the

first sprawled figure, a half-breed packer who had been shot twice and lay as a man asleep, face resting on one doubled-up arm.

Farther along was another, a man who had been savagely treated before one fatal death. Provo Holt, lying dead and disfigured there under the softly stirring, sun-gilded timber.

Sebastian, having known this man so bitterly well in life, recognized him now in the bitterness of violent death.

Sebastian recalled a day at Desolation Flat and the terrified hopelessness of the young squaw and mother who had died there by Provo Holt's gun. Well, he mused bleakly, she was fully avenged now, and by her own kind, which was fitting.

He found two more dead pack mules and located 10 uninjured ones scattered about through the timber, as well as the two saddle mounts Provo Holt and his packer had been using.

He stripped the packs from the sound mules, unsaddled the animals and turned them loose. The packs he stacked about the trunk of a pine, spread and roped down tarpaulins over the pile. The chipmunks were certain to be about their small mischief, and other wild marauders might strike, but Sebastian concluded, it was the best he could do. If Atwood and Carter moved fast enough, they'd be able to salvage the most of it.

The mules, while certain to drift some, could be tracked down and rounded up again.

He had more definite use for the two saddle mounts. He tied Barnicho into the saddle of one and Black Jim into that of the other, and then, with the two horses following at fast lead, drove on for Linkville.

Spring at its fullest spread its benevolence over Fort Klamath, and to Connie Ashland it was if prison gates had been opened.

Considerable activity held the fort these days, with troops returning from the lava-beds battlefield, now that resistance by the
